Topic 8: The Importance of Mental Health in Social Well-being

Topic 9: The Impact of Social Media on Mental Health

Choose Your Topic

A. The Role of Sports in Shaping Leadership Qualities

[Sports and Perseverance]

Ever wondered why many CEOs and world leaders have a background in sports?

Explore how teamwork, discipline, and resilience in sports translate into leadership skills. Use examples from iconic athletes or personal experiences.

B. How Sports Influence Mental and Physical Well-being

[Sports and Perseverance]

Did you know that playing sports can do more than just keep you fit? Discover how physical activity helps in reducing stress, sharpening focus, and boosting overall mental health. Discuss how sports can be a lifelong habit for both body and mind.

C. The Importance of Mental Health Awareness in Education

[Science & Innovation]

Can a stressed mind truly excel in academics? Mental health is often overlooked in education, yet it plays a crucial role in student success. Explore how anxiety, burnout, and emotional well-being impact learning and why schools should prioritize mental health.

D. The Role of AI and Technology in Shaping the Future of Healthcare

[Science & Innovation]

What if AI could detect diseases before symptoms appear? The future of medicine is digital—AI-powered diagnostics, robotic surgeries, and personalized treatments are changing healthcare. But how far is too far? Discuss the advancements, benefits, and ethical concerns of AI in medicine.

E. What Makes a Startup Successful?

[Entrepreneurship & Startups]

Why do some startups skyrocket while others fail within months? Is it all about the idea, or is execution more important? Break down the formula for startup success—innovation, timing, funding, and leadership—using real-world case studies.

F. The Role of Failure in an Entrepreneur's Journey

[Entrepreneurship & Startups]

Can failure be the key to success? The greatest entrepreneurs—Steve Jobs, Elon Musk, Oprah Winfrey—have all faced failure. Explore how setbacks fuel innovation, resilience, and long-term success in the world of business.

G. Should College Students Start Their Own Businesses?

[Entrepreneurship & Startups]

Is college the right time to chase your entrepreneurial dreams? Many student-led startups have become global successes, but is it always a wise choice? Debate the risks and rewards of balancing studies with business ambitions.

H. The Importance of Mental Health in Social Well-being

[Psychology & Mental Well-being]

A healthy mind builds a healthy society. How does mental well-being influence relationships, workplace productivity, and overall happiness? Discuss the connection between individual mental health and a thriving community.

I. The Impact of Social Media on Mental Health

[Psychology & Mental Well-being]

Are we more connected or more alone than ever before? Social media influences self-esteem, relationships, and mental health in powerful ways. Explore its positive and negative effects—does it uplift or damage our well-being?
